Stirling Flavors International Shipment Notice – January 2019

Thank you for supporting Stirling Flavors products overseas. We would like to take this opportunity to remind you of our policy regarding applying stickers to products for export.

All shipments requiring the application of a sticker for import or customs clearance will be charged for the following fee:

| | |
|--|-------------------|
| Cost of stickers and printing | 3 cents |
| Cost of labor to apply stickers on the production line | 7 cents |
| Total Cost for applying stickers | 10 cents per unit |

We understand that the stickers are required for import. However, you can reduce the cost by supplying the preprinted stickers. Unfortunately, applying stickers directly from the production line reduces our efficiency and increases the time it takes to make each international shipment, justifying the cost.

Thank you for your understanding.

Sincerely,
Aisha Kabani
